U11 CRICKET TRAINING
SUMMER GROUP TRAINING 2025

Learn the game, make new friends, and receive expert coaching in our U11 Group Training.

The U11 Group Training is for children aged 6 to 11 years old who are new to cricket or just starting out. Training focuses on cricket fundamentals. Through lively, fun games, they will learn about cricket and be better prepared to take part in all sports.

The training uses soft balls (windballs & tennis balls) so the boys and girls participating do not need protective equipment. It is expected that all participants will have their own cricket bat.

All new City Cricket Academy members will recieve a free training shirt.

DATES: 27-April to 14-September

DAY: Sundays

TIMES: 10:00- 11:00

VENUE: Skarpnäck Sportsfält

PRICE: 500kr

NOTE: To reserve and confirm a place for your child please register online and make the payment.

CITY CRICKET ACADEMY

U11 CRICKET TRAINING
SUMMER GROUP TRAINING 2025

Learn the game, make new friends, and receive expert coaching in our U11 Group Training.

The program followed in the U11 Groups is strongly influenced by the ICC's criiio cricket programme, where the focus is on getting children active and having fun. We extend this with a focus on fundamental techical skills to build for the future.

In the U11 Group coaches will assess the development against defined learning goals for batting, bowling and fiedling skills. A "Cricket Star" certificate will be awarded to children when they acheive these skills. There being 3 levels - Bronze, Silver and Gold - to show progress in the mastery of the basic technical cricket skills.

During the summer season we try to provide match play experience with friendly matches against other teams. Our aim is not to win every single match but to be competitive and support the children in what they love doing and help them progress.

Our Selection Policy: Teams are picked on merit and coaches select the teams after seeing the children in training sessions and matches. ACE (Attitude, Commitment and Enthusiasm) are the qualities we look for in players when we select teams.
